Personal Profile

Full time student, currently attending third year of the Creative Digital Media course at the Institute of Technology Blanchardstown. Currently most enjoying Web Design, Graphic Design and Photography. Interested in procuring a work placement in the first quarter of 2019.

Education

Institute of Technology Blanchardstown

Bachelor of Arts (Honours) in Creative Digital Media (BN112)

2016 – 2020

A full-time continuous assessment course, still in progress.

Creative Digital Media covers many of the modules involved in modern creative fields, including web design, graphic design, photography and video editing. The course also aims to teach the creative, practical and technical skills needed to excel in the industry.

Additional Information:

Volunteered to compete in the Association for Higher Education Access & Disability's debate on assistive technology in the workplace.

Volunteered to present the CDM course at the ITB Open Day 2018.

Volunteered at the Universal Design and Higher Education in Transformation Congress 2018 held in Dublin Castle.

Dunboyne College of Further Education

QQI Level 5 in Multimedia Production (5M2146)

2015 – 2016

A one-year continuous assessment post Leaving Certificate course which introduces the basics of Digital Media.

Involved several modules including multimedia authoring, design skills and work experience. The web authoring and radio programme production modules were personal favourites.

Castleknock Community College

Leaving Certificate

2010 – 2015

Secondary school. Optional subjects taken were art, physics, and design and communication graphics. Chose French as a foreign language. Studied Japanese as an additional Leaving Certificate subject.

Additional Information:

Achieved a blue-belt red-tag in Taekwondo.

Fundraised for the Irish Cancer Society awareness campaign "Shave or Die" 2014.

Projects

Aisling

2018

Institute of Technology Blanchardstown second year group assignment.

A short film which uses a blend of live action and Flash animation to tell the tale of a young girl exploring her dreams. Based on the ancient Irish legend of Caorthannach, the mother of demons.

Darth Vader Is NOT An Engineer

2017

Group project in association with the Association for Higher Education Access & Disability, the Electric Supply Board and Dell Ireland in celebration of Engineers Week.

Tasked with debating against the notion that Darth Vader could have been considered an effective engineer. The rules required that the debate was performed without the use of speech, and our mixed-media video was declared the winner against the opposing University College Dublin team.

Employment

Assistant, Kip Carroll Photography

2015 – 2018

Part-time work on and off for a family business specialising in wedding, fashion and advertisement photography.

Tasks included taking test shots, transporting equipment, setting up shots and engaging with clients and other on-site staff.

Have been involved in number of jobs, including publicity shots for Weight Watchers Ireland, publicity shots for the Movember Foundation MOVE Challenge and filming the Celtic Woman: Voices of Angels DVD release.

Prep Cook, The Mariner Drogheda

August 2018

Part-time work for the week of the Irish Maritime Festival 2018. Worked as kitchen staff in the pub kitchen from lunch to dinner hours.

Tasks included preparing food, wiping tables, washing dishes, transporting kegs and engaging with customers.

Key Skills

Highly familiar with both Mac and Windows operating systems. Capable of DSLR photography and filming, as well as boom microphone operation.

Proficient with a variety of software packages. These include graphics editors such as Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Adobe Capture and GIMP; non-linear video editors Adobe Premiere Pro, iMovie and HitFilm Express; digital audio workspaces Adobe Premiere and Audacity; and web development tools like Adobe Dreamweaver, TextWrangler, Sublime Text and Notepad++.
